

# BECOME A PROFESSIONAL ICT CONSULTANT

## BECOME A PROFESSIONAL ICT CONSULTANT

Ebookconnect access service in conjunction with Gentech limited is giving out training on the following ICT field.

- A+ hardware training
- ASP training (creating your data base)
- Building a dynamic website( web developments)
- Building a cisco network
- Oracle programming( certification programming)
- Web application development with PHP
- Tutorials in XLM programming in java
- Java programming and mobile app creation.

We are offering training on the above ICT field professionally. The videos and the e-books are available for downloads including the free software.

With the videos and materials you don't need any ICT training centers for training, because the materials you are going to get here is specially prepared from different training centers and its purpose is to teach you how to master the above programs. You don't have to be a programmer before taking advantage if this training, we teach from the scratch, we teach you from the basics to the advance stage.

The good part of this training is that you can email your questions and ebookconnect access will be obliged to help you out.

To get this get half of these materials (video and e-books) simply pay the sum of #2000 and to get the full materials (videos, e-books, software) simply pay the sum of #4000 to this bank detail:

- **Bank name: Guarantee Trust Bank(GTB)**
